

Year 7 Curriculum Overview

Students are assessed on their ability in the following areas: reading analysis, creative writing, writing for a purpose, and analysis of Literature pieces. Students will read and study:-

- the novel 'Once' by Morris Gleitzman.
- a Shakespeare play such as The Tempest or The Merchant of Venice.
- some gothic fiction which includes extracts from Frankenstein, Dracula, Jekyll and Hyde.
- a collection of poems based on the theme of conflict.

Students will also participate in the Accelerated Reading programme. This requires them to read independently in some English classes. This has proven to improve a student's ability to read, analyse and even write creatively.
